SUBJECT INDEX

Volume 87 (January-June 1985)

- Abdomen, lung expansion modalities in postoperative atelectasis, 76
- Abnormalities, unusual, in agenesis of lung, 522
- Abscess, pulmonary: See Pulmonary abscess
- Acid, infusion into esophagus, effect in asthma, 201S
- Acidosis, metabolic, effect upon sleep apnea, 619
- Acquired immunodeficiency syndrome, bacterial pneumonia in male homosexuals with features of, 486
- Pneumocystis carinii* pneumonia in, 553, 562, 603
- pulmonary involvement in, 104
- ACTH: See Corticotropin
- Actinomycosis, thoracic, 536
- Adenocarcinoma, lymphangitic spread to lung, 129
- Adolescence, sudden death in adolescents, 476
- Adrenal cortex hormones: See Corticosteroids
- Aerosols: See also Bronchodilators
- air compressor-driven nebulizers, 512
- Age factors, lung cancer in the young, 456
- widened E point septal separation, 73
- AIDS: See Acquired immunodeficiency syndrome
- Air, compressor-driven nebulizers, 512
- Airway, esophageal obturator: See Esophageal obturator airway
- Airways, assessment of excitability of, 413
- reactivity and cotton bract-induced bronchial obstruction, 51
- secretions, regulation of, 111S
- Airways obstruction: See also Pulmonary diseases, chronic obstructive
- alveolar pressure variations during panting, 701
- effect of terbutaline in, 653
- endobronchial electrocautery, 705, 712
- exercise-induced bronchodilation in asthma, 196
- flow-volume curve abnormalities and sleep apnea syndrome, 163
- rational use of theophylline, pendulum swings, 280
- upper, due to goiters, 18
- upper, in Guillain-Barré syndrome, 410
- YAG laser photoresection of lesions, 277, 283
- Alcoholic beverages, prolonged respiratory center depression after, 262
- Alcoholic intoxication, charcoal-containing empyema complicating treatment for, 404
- Allergens, causing asthma, 40S
- Allergic bronchopulmonary aspergillosis: See Aspergillosis
- Alpha-antitrypsin, James Jackson, Jr. and familial emphysema, 673
- Altitude, high, pulmonary edema, exercise and, 330
- Alveoli: See Pulmonary alveoli
- Alveolitis: See Pulmonary alveolitis
- Alveolitis, extrinsic allergic: See Hypersensitivity pneumonitis
- Ambulation, early: See Early ambulation
- American Thoracic Society, tuberculosis control recommendations, 139, 206
- Amyloidosis, nodular pulmonary, 823
- sleep apnea in, 401
- Anaphylaxis, canine, 164S
- Aneurysm, dissection, primary coronary artery, 227
- Angitis, allergic granulomatosis and, lymphocyte subpopulations in, 826
- Angina pectoris, primary coronary artery dissection, 227
- Angiography, digital, 560
- digital subtraction, ACCP section report, 253
- digital subtraction ventriculography in assessing ventricular function, 560, 596
- Angiography, radionuclide: See Radionuclide angiography
- Angiotensin-converting enzyme, in coal worker's pneumoconiosis, 844
- plasma levels in septic ARDS, 191
- Anoxemia, apnea duration and hypoxemia during REM sleep, 432
- gas exchange alterations in COLD, 470
- new nasal cannula, 381
- postural hypoxemia in cystic fibrosis, 78S
- Anxiety, in COPD, 35
- Aorta, computed tomography of, ACCP section report, 392
- iatrogenic fistula to coronary vein from, 398
- "Aortic nipple" as sign of impending superior vena caval syndrome, 77S
- Aortocoronary bypass, fever and mediastinal opacity after, 97
- methylergonovine-induced spasm of saphenous vein graft, 545
- Apnea, duration during REM sleep, 432
- Apnea, sleep: See Sleep apnea syndromes
- Arachidonic acid, metabolism by lung mast cells, 170S
- Arrhythmia, chronic stable ventricular, propafenone in, 44S
- effect of caffeine on cardiac function, 319
- monitoring and computer analysis of dysrhythmias in cardiac surgery, 593
- significance in sudden death, 82S
- underdrive suppression of sinus rhythm, 120
- Arteriography: See Angiography
- Arteriosclerosis, chelation clinics, 274
- Arthritis, rheumatoid, bronchiolitis with, 136
- Asbestos, immune responses in individuals exposed to, 278
- Aspen lung conference, 27th, asthma, May suppl, 151S-226S
- Aspergillosis, allergic bronchopulmonary diagnosis and therapy, 81S
- linear tomography in diagnosis of, 490
- staging of, 334
- Aspergillosis, pulmonary, with influenza A pneumonia, 691
- Aspiration biopsy: See Biopsy, needle
- Aspirin, asthma sensitive to, 386, 50S
- bronchospasm induced by, neutrophil chemotaxis in, 167S
- Asthma, ACTH therapy in status asthmaticus, 134
- acute severe, breathing pattern in, 217S
- advances in diagnosis and treatment of, Jan suppl, 1S-113S
- allergens that cause, 40S
- allergy and immunology, 26S
- aspirin-sensitive, 386, 50S
- at night, is it caused by posture? 216S
- atopic, T-cell response to corticosteroids, 44
- bronchoalveolar lavage in, 740, 16S, 155S
- bronchodilators in, 64S
- calcium antagonists in, 79S
- chlorothiazide relieves wheezing in, 411
- corticosteroids in, 73S
- cromolyn sodium in, 68S
- definition of, 20S
- distinguishing among bronchitis, emphysema and, 35S
- effect of diltiazem on bronchospasm in, 174
- effects of sandstorm on, 543
- exercise-induced, 48S, 191S, 195S
- exercise-induced bronchodilation in, 196
- immunotherapy in, 62S
- in children, special features of, 55S
- inhalation provocation tests in, 32S
- mediators of, 2S, 5S, 13S
- occupational, 218S
- precipitating factors in, 44S, 50S
- pregnancy and, 85S
- pulmonary epithelial permeability in, 373
- rational use of theophylline, pendulum swings, 280
- reflex heart rate control in, 644
- self-management programs, 98S, 100S, 107S
- status asthmaticus, 87S
- subclinical, methacholine inhalation challenge in, 29
- summer camp program, 105S
- 27th Aspen lung conference, May suppl, 151S-226S
- what determines severity of? 209S
- Atelectasis, postoperative, prevention and treatment, 1, 76, 151
- Atherosclerosis: See Arteriosclerosis
- Atrioventricular node, abnormalities in Purkinje-like tumor, 340
- Atrium, left, free-floating thrombus, 694

- right, echo detection of thromboembolism of, 801
- BCG vaccine, use of, 133S
- Benzodiazepines, prolonged respiratory center depression after, 262
- Biofeedback, in weaning from ventilators, 267
- Biopsy, in *Pneumocystis carinii* pneumonia in AIDS, 553, 562, 603
- lung, without fluoroscopy in sarcoidosis, 303
- needle, pneumothorax after transtracheal aspiration, 703
- open lung, in pediatric patient, 467
- transbronchial lung, comparison of forceps for, 574
- Birds, alveolitis in pigeon breeder, 272
- Blood, quality control materials for CO-oximeters, 409
- Blood banks, carboxyhemoglobin levels in banked blood, 408
- Blood gases: See also Oxygen
- effects of terbutaline on, in chronic airflow obstruction, 653
- esophageal obturator airway and endotracheal intubation related to, 814
- measurement of mixed venous oxygen saturation, 845
- Blood pressure, direct and indirect, during exercise, 708, 743
- Blood pressure, high: See Hypertension
- Body weight, effect on distribution of theophylline in reversible airway disease, 212
- Bone marrow transplantation, bronchiolitis obliterans complicating, 828
- pulmonary complications of, 237
- Bookshelf, Jan pA-6, Feb p40, Mar p6, Apr p26, May p11, Jun p22
- Brain, cerebral protection, 85
- Breathing: See Respiration
- Bronchi, and transbronchial lung biopsy without fluoroscopy, 303
- atresia with bronchogenic cyst, 396
- bronchocentric granulomatosis with glomerulonephritis, 832
- cyst, mediastinal, disappearance of, 235
- endobronchial electrocautery, 705, 712
- eosinophils and inflammation of, 105
- hyperexcitability in grainhandlers, predictors of, 413, 452
- hyporesponsiveness, 155S
- pigmented polypoid obstructive tuberculosis, 702
- wire basket removal of endobronchial foreign body, 270
- Bronchial biopsy: See Biopsy
- Bronchial diseases, Nd-YAG laser treatment of, 416, 418
- Bronchial neoplasms: See also Carcinoma, bronchogenic
- Nd-YAG laser treatment of, 416, 418
- Bronchial obstruction, cotton bract-induced, 51
- Bronchial provocation tests, 202S
- in evaluation of asthma, 32S
- lavage in asthma after, 16S
- methacholine inhalation in subclinical asthma, 29
- predictors of bronchial hyperexcitability in grainhandlers, 413, 452
- pulmonary epithelial permeability after, 373
- Bronchiolitis, with collagen vascular diseases, 136
- Bronchiolitis obliterans, caused by *Legionella pneumophila*, 841
- complicating bone marrow transplantation, 828
- Bronchitis, distinguishing among asthma, emphysema and, 35S
- Bronchoalveolar lavage: See Lavage
- Bronchodilators, in asthma, 64S
- Broncholithiasis, hemoptysis and recurrent pneumonias in, 671
- Bronchopulmonary anastomosis, collateral blood flow during cardiopulmonary bypass, 749
- Bronchopulmonary aspergillosis: See Aspergillosis
- Bronchopulmonary dysplasia, following neonatal respiratory failure, 528
- Bronchoscopy, fiberoptic
- combined with esophagoscopy, 261
- electrosurgery via, 705
- in hemoptysis and normal roentgenograms, 142
- in lung abscesses, 489
- Nd-YAG laser treatment of intrabronchial lesions via, 416, 418
- via endotracheal tube, 276
- Bronchospasm, aspirin-induced, neutrophil chemotaxis in, 167S
- effect of diltiazem on, 174
- exercise-induced, in asthma, 196
- oxprenolol-induced, 555
- reversible, distribution of theophylline in, 212
- Bundle branch block, pseudo right, QRS morphology associated with pace-makers, 517
- right, early signs of, 180
- Byssinosis, cotton bract-induced bronchial obstruction, 51
- Caffeine, effect on cardiac function, 319
- Calcium channel blockers, in asthma, 79S
- Camping, summer camp program for asthma, 105S
- Cancer: See Neoplasms
- Carbachol, bronchospasm induced by, effect of diltiazem on, 174
- Carbon dioxide: See also Hypercapnia
- rebreathing, respiratory drive in non-smokers and smokers, 6
- Carbon monoxide, oximeters, quality control materials for, 409
- single breath diffusing capacity in cystic fibrosis, 217
- Carboxyhemoglobin: See Hemoglobins
- Carcinoma, carcinomatous and tuberculous pleural effusion, 351
- operable, of lung, radiotherapy alone in, 289
- small-cell lung, serum neuron-specific enolase as marker for, 39
- stage-3 non-small cell lung, treatment of, 368
- Carcinoma, bronchogenic
- bronchoscopy in hemoptysis and normal roentgenogram, 142
- endobronchial electrocautery, 705, 712
- YAG laser photoresection of central airways obstructive lesions, 277, 283
- Cardiac: See Heart
- Cardiac output, Doppler echocardiography in, ACCP section report, 94
- PEEP in ARDS, 551
- Cardiopulmonary: See Heart; Pulmonary
- Cardiopulmonary bypass, collateral blood flow during, 749
- Cardiopulmonary medicine, today's practice of, pulmonary involvement in AIDS, 104
- Cardiovascular diseases, sudden death in children, adolescents, and young adults, 476
- Cataract, familial dilated cardiomyopathy with, 56
- Catheter, pneumothorax, problems with, 704
- pulmonary artery, fluid vs liquid, 554
- subclavian vein, intravascular knotting of, 698
- Catheterization, chylothorax after subclavian venous puncture, 271
- complications related to, 707
- myocardial blood flow during coronary vasodilation, 735
- through left superior vena cava, 843
- Centers for Disease Control, tuberculosis control recommendations, 139, 206
- Charcoal, empyema containing, complicating treatment for overdose, 404
- oral activated, for theophylline toxicity, 325
- Chelation, clinics, 274
- Chemotaxis, neutrophil, in bronchospasm, 167S
- Chest, enhancing clinical value, 5-year cumulative index, 282
- Chest
- lasers in thoracic surgery, 706
- physiotherapy and vibration in COLD, 453
- pseudolesion of, 541
- surgery, lung expansion modalities in postoperative atelectasis, 76
- thoracic actinomycosis, 536
- Chest roentgenography, findings in farmer's lung, 460
- in control of tuberculosis, 135S
- normal, fiberoptic bronchoscopy in hemoptysis and, 142
- pseudolesion of chest, 541
- staging of allergic bronchopulmonary aspergillosis, 334
- Child, open lung biopsy in, 467
- special features of asthma in, 55S
- sudden death in, 476
- Chlorothiazide, relieves asthmatic wheezing, 411

- Churg-Strauss syndrome, lymphocyte subpopulations in, 826
- Chylothorax, contralateral, after subclavian venous puncture, 271
- Cigarettes: See Smoking
- Coal mining, angiotensin-converting enzyme in pneumoconiosis, 844
- Collagen diseases, vascular, bronchiolitis with, 136
- Collateral circulation, bronchopulmonary anastomotic and noncoronary, 749
- College, ACCP consensus conference on tuberculosis, Feb suppl, 115S-149S
ACCP Medical Personnel Services, Jan pA-33, Feb p13, Mar p25, Apr p34, May p20, Jun p28
conference on oxygen therapy, 86:237, correction, 87:704
- Council report, cerebral protection, 85
tuberculosis control recommendations, 139, 206
- College, Scientific Section report
computed tomography of heart and great vessels, 392
digital subtraction angiography, 253
dilemma of mild hypertension, 538

lung perfusion and, at rest and during exercise, 359
measurement of tidal volume in critically ill patients, 577
oxygen cost of, 126
pattern in severe asthma, 217S
'saw-tooth' pattern in Parkinson's disease, 124
sleep-induced abnormalities and pulmonary function, 437
Respiration, artificial: See also Positive airway pressure; Positive end-expiratory pressure; Positive pressure respiration
inspiratory work of breathing during, 612
intermittent mandatory ventilation systems, 557, 625
intracuff pressures in tubes for, 720
oxygen cost of breathing, 126
Respirators, home care for individuals dependent on, 412
mandatory minute volume, influence of caloric intake on, 67
mechanical, biofeedback and hypnosis in weaning from, 267
Respiratory diseases, effects of sandstorm on, 543
Respiratory distress syndrome, adult
best PEEP in, 551
diazoxiben in, 726
least PEEP, *primum non nocere*, 2
measurements of extravascular lung water in, 585
oxygen delivery in, 580
reduced pulmonary capillary blood flow after, 608
septic, fibronectin and ACE levels in, 191
Respiratory failure: See also Respiratory distress syndrome, adult
after myocardial infarction, 137, 158
neonatal, bronchopulmonary dysplasia following, 528
oxygen cost of breathing, 126
prolonged, after alcohol and benzodiazepines, 262
Respiratory muscles, inspiratory, conditioning, 62
Respiratory sounds, chlorothiazide relieves asthmatic wheezing, 411
Respiratory tract infections, asthma precipitated by, 44S
Resuscitation, prehospital ventilation during CPR, 814
Review, aspirin-sensitive asthma, 386
bronchoalveolar lavage and immunology of lung cancer, 677
bronchopulmonary dysplasia, 528
echo detection of right atrial thromboembolism, 801
long-term home oxygen therapy, 99
pulmonary complications of bone marrow transplantation, 237
pulmonary host defense mechanisms, 247
Rifampin, standard therapy for tuberculosis 198S, 117S
tuberculosis control practices, 139, 206
Roentgenogram of month, disappearance of mediastinal mass, 235
empyema or abscess? 384
fever and mediastinal opacity, 97
hemoptysis and recurrent pneumonias, 671
multiple pulmonary nodules, 823
thoracic actinomycosis, 536
Roentgenography: See Chest roentgenography

Sand, effects of sandstorm on asthma and respiratory problems, 543
Saphenous vein, coronary bypass graft, methylergonovine-induced spasm of, 545
Sarcoidosis, improving approach to, 710
lung biopsy without fluoroscopy in, 303
Osler and, 412
Sarcoidosis, new international journal, 416
Sarcoma, Kaposi's, of tracheobronchial tree, 122
Scanning, radioisotope: See Radionuclide imaging
Scintigraphy: See Radionuclide imaging
Shock, cardiogenic, inferior myocardial infarction with rupture, 540
Sick sinus syndrome, multiple myeloma and, 555
Sinus node, sinus arrest with nifedipine in pulmonary hypertension, 265
underdrive suppression of sinus rhythm, 120
Skin tests, multiple puncture, in SE Asian refugees, 346
usefulness in farmer's lung, 202
Sleep, in children with COPD, respiration during, 168
pulmonary function and respiratory abnormalities induced by, 437
REM, apnea and hypoxemia during, 432
Sleep apnea syndromes, apnea and hypoxemia during REM sleep in, 432
effect of metabolic acidosis on, 619
in amyloidosis, 401
obstructive, flow-volume curve abnormalities and, 163
obstructive, nicotine for, 11
pulmonary function and respiratory abnormalities induced by, 437
Smoking: See also Nicotine
cigarette, kinetics of diazepam, midazolam, and lorazepam in, 223
intrapulmonary lymph nodes, 662
long-term sequel of ARDS, 608
respiratory drive in nonsmokers and smokers, 6
Sotalol, infusion in supraventricular tachyarrhythmias, 113
Sounds, respiratory: See Respiratory sounds
Spasm, methylergonovine-induced, of saphenous vein coronary bypass graft, 545
Spine, hip and, familial dilated cardiomyop-
